

Council for Aid to Education

Survey Respondents by State

Voluntary Support of Education
Report for FY2014

FOR IMMEDIATE RELEASE
1/28/15

INSTITUTION DATA 2014

Following are the survey respondents grouped by state. The data include the amount each survey respondent raised, the type of institution it is, and whether it is public or private. CAE codes institutions according to the classifications provided by the Carnegie Foundation for the Advancement of teaching. These codes are called the Carnegie classifications.

CAE includes data from five other types of respondents. First, there are campuses that have not yet received a Carnegie classification. These are called “unclassified.” Second, there are combined responses from several campuses with various classifications. Often the flagship campus among those represented raises most of the funds. However, the response is not only from that campus and therefore cannot be categorized using a single Carnegie code. These are called, “Multiple Campuses.” Third, some state systems provide a summary survey that tallies the data from its individual campuses. Those campuses also provide individual surveys. A survey that summarizes the data from participating campuses is labeled “System Summary.” Fourth, administrative offices and chancellors’ offices may raise money. These are labeled “System Administration.” Fifth, data from participating Canadian colleges are listed at the end of this document. They are not coded by the Carnegie system and do not have a designation.

The data are arranged by state and then alphabetically within each state. Data from the VSE survey are best used either in their aggregate form for analyzing trends or in benchmarking queries that focus on a specific comparison group.

The data are available as well in Data Miner, the online benchmarking system, in book format (which includes access to an online executive summary with a spreadsheet of the information that follows), and in PowerPoint presentations.

KEY TO CLASSIFICATIONS

MC	Multiple Campuses	UN	Unclassified
RD	Research/Doctoral	SA	System Administration
MA	Master’s	SS	System Summary
BA	Baccalaureate	PUB	Public
SP	Specialized	PRI	Private
