

International Benchmarking

CLA+

Client

**Ministry of Education
Europe**

Need

For Higher Education Institutions, research interest was:

- Measuring critical thinking skills
- Benchmarking results against international data
- Identifying opportunities for improving learning gains on a national level

Our Solution

- Translated and adapted CLA+ for use in native language
- Upgraded assessment delivery platform
- Trained local scorers

Scope

- 17 Higher Education Institutions
- Cross-sectional study assessing 2,000+ entering and exiting students
- Provide reports plus anonymized international comparative dataset
- Collaborating on additional research projects
