

# Technology Efficacy Study

# CWRA+

## Client

**Educational Not-For-Profit Organization  
US**

## Need

For high school students, research interest was:

- Efficacy of organization's curricula programs
- Measure college readiness based on 21<sup>st</sup> century success skills

## Our Solution

- Administered CWRA+ to students enrolled in organization's programs and traditional high school programs
- Compared the two groups of students to measure the efficacy of the organization's programs

## Scope

Fall 2009 to Spring 2010:

- 25 institutions
- 13,855 students
