Understanding Your Results

- Your **Total CCRA+ Score** is comprised of two components: your Performance Task section score and your Selected-Response Question section score.

- The **Performance Task** section score summarizes your performance on the first part assessment. In the Performance Task section, you were asked to address a real-world issue and recommend a course of action to take in a purposeful written response by making use of information provided in a Document Library.

- The **Selected-Response Question** section score summarizes your performance on the second part of the assessment. In this part of the assessment, you received 25 document-based selected-response questions.

- Your **Mastery Level** describes your level of performance based on your Total CCRA+ Score. There are five CCRA+ Mastery Levels, shown below:

Emerging ● Developing ● Proficient ● Accomplished ● Advanced

Total Performance Task Score: 1100
Performance Task Percentile Rank: 95%

Note about Your Report

Due to the nature of this piloting phase of this CCRA+ assessment, certain items in the assessment were intentionally left unscored. In addition, due to additional testing that occurred after preliminary reports were processed, you may notice some slight differences in your Selected-Response percentile as well as your institutional averages as compared to your preliminary report.
