

# Measure What Matters to Your Organization

## CAE's Assessment Development Capabilities

What are the knowledge, skills, and abilities that are essential to your organization? CAE can help you measure them with innovative assessments to meet your institution's specific needs and goals.

For more than a decade, CAE has collaborated with educational organizations, state agencies, ministries, publishers, higher education and K-12 institutions to provide assessment services ranging from initial design and development to test delivery, scoring, and analyses. Over the years, our team has developed hundreds of performance-based assessments, tens of thousands of assessment items, and even played a key role in numerous local, national, and international assessment efforts.

Our team includes assessment experts, content specialists, and copy editors with professional backgrounds in a variety of disciplines, including classroom teaching experience. We work closely with bias and sensitivity experts and have undergone intensive internal bias, sensitivity, and DEI training.

### Our services include:

- Assessment program design
- Frameworks & blueprinting
- Content development including stimuli, items & media
- Content, bias & sensitivity reviews
- Scoring guides & teacher materials
- Psychometrics
- Standard setting & range finding
- Translation & adaptation
- Assessment delivery
- Statistical analyses & reporting
- Professional development
- Program management

## Examples of Our Assessment Development

CAE has worked with higher education and K-12 organizations and agencies from around the world, including the OECD and the Ministry of Education and Culture of Finland, to design and implement small- and large-scale assessment programs.

Office of Periodic Assessments, STEM and Humanities Performance Task Development

## About CAE

CAE is the leader in designing innovative performance tasks and assessments for measurement of higher order skills and within subject areas. Over the past 20 years, CAE has helped 825,000+ students globally understand and improve their proficiency in critical thinking, problem solving and written communication. CAE's performance-based assessments include the Collegiate Learning Assessment (CLA+) and College and Career Readiness Assessment (CCRA+).
